### This week we pray for...

\*the joy of the resurrection to be reflected in our daily lives

\*our annual meetings, for our churchwardens and PCC members, for our church fellowships and for the overall life of our parish

\*people with Covid 19, those people ill at home or in hospital, that they will have a full recovery and that infection rates will continue to fall.

\* people on holiday either visiting our island or travelling away, that they will have a safe and restful time.

\*for our schools and college as a new term begins and as pupils prepare for changing schools or leaving education.

\*a ceasefire and ultimately peace between Ukraine and Russia, for the safety those people fleeing the fighting and those forced to remain in areas of danger, and for people in places of conflict no matter where they might be.

\*families bringing their children to baptism and for couples preparing for marriage in church.

**From amongst our own fellowships, we continue to pray for those we know who need God's healing and restorative grace. May they know Christ's peace.**

**RIP Noelie Callister and Maureen Black**

### **Don't forget.....**

Lovefoodhatewaste.com : Create less and make use of the rest. The simple truth of combatting food waste is that we need to create less of it – we need to buy less, consume less, and where we do create waste we need to find a useful means of disposing of it. Composting is a great way to recycle food waste enriching the soil naturally: see [www.HotbinsComposters](http://www.HotbinsComposters) for more info on user friendly, rodent free, efficient composting for any size site, from allotments or patio gardens.

\*On Manx Radio, Sunday at 9.30am 'Praise' is a half-hour programme by Judith Ley who shares inspiring stories, interesting interviews, great music and moments for quiet reflection across the Christian denominations of our island.
